MAXIMIZE BUSINESS EFFICIENCY AND INTELLIGENCE
SMART RETAIL SOLUTION FOR SUPERMARKETS & CONVENIENCE STORES

smart solution 2.0
WITH HIKVISION AS YOUR INTEGRATION PARTNER, YOU WILL STAND ON A SOLID FOUNDATION.

RAPID GROWTH
Hikvision is the world’s leading supplier of video surveillance products and solutions, featuring the industry’s strongest R&D workforce and state-of-the-art manufacturing facilities. In just 15 years, Hikvision has developed from being a single-product provider to a complete product and solution provider and a global market leader.

GLOBAL REACH
- 25 Regional Subsidiaries
- 57% of Employees in International Business Center are locals

BROAD PORTFOLIO
Hikvision’s success stories extend over a number of vertical markets. Each year, we add new successes to our list. Still, a relatively young company, we continually conquer new applications, building excellence and intelligence into all we do.

Our successful vertical market applications around the world include:
- Smart buildings
- City surveillance
- Parking facilities
- Banking and finance
- Critical infrastructure
- Hotels, casinos, and resorts
- Retail centers and warehouses
- Police, military, and mobile law enforcement
- Education, transportation, healthcare – and more.
FUTURE INNOVATION

Hikvision re-invests upwards of 7% of annual revenue into R&D. We hold over 600 copyrights (100+ increase from 2016) and 1,300 patents (400+ increase from 2016). Of our 20,000 employees, we employ over 8,000 engineers, of which over 2,000 are software engineers.

Hikvision’s Research Institute conducts innovative research and development to keep us at the forefront of technology.

- The largest R&D team in Artificial Intelligence in the security industry.
- Sophisticated experience of video target detection, image segmentation, video structuring and video retrieval.
- Ranked No.1 in Scene Classification at ImageNet 2016 challenge and ranked top in the MOT Challenge Evaluation.

STRONG NAME

Hikvision continues to build close partnerships with distributors, system integrators and installers, as well as third-party technology partners. Today, Hikvision has over 350 technology partners globally.

ECOSYSTEM PARTNER PROGRAM
WE SUPPORT YOU ALL THE WAY!

When joining this partner program, you will enjoy access to a wealth of technical and commercial resources, and we ensure that your solution enjoys strategic marketing through our communication channels. You will also get instant access to our entire sales organization. A vital part of our program is the streamlined online communication with our technical teams as well as the tools to plan the go-to-market activities.

PROGRAM TOOLS AND BENEFITS

- **ISAPI** – Hikvision unifies the Application Programming Interface for all products.
- **HEDP** – The Hikvision Embedded Open Platform enables you to download and run your applications directly in the cameras.
- **Device Simulator** – Simulate communication protocols for testing and development.
- **Integration Checker Tool** – Test your applications against the online integration checker tool.
- **H-Certification** – Certify your integration/application as proof of compatibility.

SUPPORT

- **SDK Training**
- **Integration Support**
- **Access to Integration Resources**

SALES & MARKETING

- Dedicated Business Development Planning
- Networking Opportunities with the Hikvision Salesforce
- Co-marketing and Event Opportunities
Supermarkets and convenience stores provide us with the essentials of life. They support families and communities in every locale around the world as a vital part of our homes, neighborhoods, and lives – every day. Because of this, they are also vulnerable to subtle dangers. Hikvision is dedicated to developing the most advanced video surveillance technology in affordable, convenient, and vitally effective packages for today’s security needs.

More than just security, the Smart Solution 2.0 packs the most advanced technologies into complete end-to-end solutions for shopping areas of any kind. Video surveillance, business intelligence, parking area data, and more all come together in flexible and powerful components from the world’s number one security solution provider.

- Ensures around-the-clock safety for customers, personnel, and merchandise
- Resolves transaction disputes and aids loss prevention
- Provides complete central management of chains and enhances operations
**Supermarkets & Convenience Stores**

**Warehouses**
- A DarkFighter camera ensures 24/7 surveillance even in extremely low-light conditions.

**Entrances**
- LightFighter cameras provide clear visibility both inside and outside a store in high-contrast lighting.

**Parking Areas**
- An ANPR system manages vehicle access.
- PanoVu cameras monitor outdoor parking areas.

**Sales Floor**
- High resolution fisheye cameras capture panoramas with no blind spots.
- A centralized video management platform grants access to off-site video streams and playback.

**Cashiers**
- Transaction Data Overlay with video prevents POS transaction manipulation and shoplifting.

**Perimeter Protection**
- High performance PTZ cameras provide automatic event detection functions.
- DeepinMind NVR ensures the highest detection accuracy rate.
MONITORING

ENTRANCE

The entrance and lobby areas are the most frequented locations, requiring highly detailed facial imaging even in high-contrast lighting.

• Super WDR Cameras:
  Hikvision LightFighter Series cameras feature industry-leading 140 dB wide dynamic range and triple exposure technology, providing crystal clear image quality even in high contrast sunlit environments.

• Smart Detection:
  Hikvision Smart IP cameras have the full set of Smart features, such as intrusion detection, object left/removal detection, and more, for powerful security management.

  ![LightFighter Camera](image1)
  ![Conventional Camera](image2)

MONITORING

SHOPPING AREA

In spacious areas, less camera counts means less installation & labor fees. A high definition panoramic solution is ideal for these areas to get a maximum monitoring views and image quality insurance.

  ![Panoramic View](image3)
  ![Fisheye](image4)
  ![Fisheye with heat map function on](image5)
With a high-ratio optical zoom lens, the indoor PTZ camera offers more details over expansive areas. This PTZ is designed for a wide range of high-definition monitoring, such as shopping areas, transit stations, large venues, and more.

Hikvision's DarkFighter ultra-low-light cameras ensure colored images in dimly lit environments for excellent visibility during off-hours.

Convenience stores often have no dedicated loss prevention staff, and shelving can leave blind spots for the cashier to monitor. The HDMI Dome Network Camera watches over those blind spots and directly transmits video to a TV, deterring potential shoplifters.

Warehouses and storage areas are often sought out by thieves, and even by employees on occasion. At least one security camera is advisable to watch over inventory.
MONITORING
OUTDOOR PARKING AREAS

Parking area lighting can be a tremendous challenge. That’s why Hikvision’s DarkFighter Camera captures sharp color images, even at starlight levels. Multi-imaging Cameras are equipped with four or eight fixed imagers to provide a 180-degree or 360-degree panoramic horizontal view. One HD PTZ camera can provide highly detailed images even in dimly lit environments.

PARKING
VEHICLE ACCESS MANAGEMENT

Hikvision Vehicle Access system combines high quality ANPR cameras and back-end devices to create barrier linkage, B/W list filtering and alarm triggering.

*The exact functionalities may vary based on local strategy and product development.

- Automatic Number Plate Recognition – High-definition image captured and video stored locally in Entrance & Exit control terminal
- Automatic barrier can be opened for whitelisted vehicles. The barrier can remain in place and alarm sent for blacklisted vehicles
- Plate number can be manually corrected by management personnel to avoid congestion in the entrance & exit in case of recognition failure
- Black/whitelists can be modified easily at each guard office according to user authority
- Smart vehicle-access event searching based on time or full or partial plate number
- Local HDMI/VGI output support

- LED displays the available lot information in real time to notify customers of open stalls, hours of operation, etc.
License Plate Recognition
- Entrance Time Recording
- Plate Number Recording

Vehicle Management
- Auto Comparison
- Blacklist Filtering
- Alarm Triggering

Smart Search / Smart Backup
- LPR Searching
- Post-event Investigation

Vehicle Detection
- GEO Tracking
- Increases Security

MONITORING
PERIMETER PROTECTION

Utilize Hikvision HD products that provide up to 4K high resolution, 200-meter infrared (IR) range, and are resistant to extreme weather conditions and vandalism. Hikvision’s HD offerings also include full HD 1080p video with an outstanding frame rate of 60 fps, as well as Smart detection technology including line crossing detection, intrusion detection, region enter/leaving, etc. These tools can help keep your perimeter secure.

Alarm accuracy at least 90%

Pictures and alarm messages from IP Camera

A Cat is crossing the Line
Leaves are shaking

After processing by DeepInmind NVR(S), the false alarms would be filtered.
LOSS PREVENTION
POS INTEGRATION

Hikvision’s POS Solution connects surveillance video with transaction data at Points of Sale (POS). All scanned items can be displayed in live view and playback and can be programmed to trigger alarms. This allows managers to instantly playback or search for a specific transaction – even months after the event. This resourceful solution serves to reduce hidden shrink from theft or fraudulent POS activity.

Three ways to generate POS data:
- Capture while POS data is sent for printing (via RS232/USB)
- Capture while POS data is sent to central database (via network)
- Forward via POS software

NVR supports multiple POS protocols, including Universal Protocol, EPSON, AVE, and NUCLEUS, with even more on the way.
- In universal protocols, users can self-define tags indicating start line, line breaks, and end line.

BUSINESS INTELLIGENCE
PEOPLE COUNTING

The Dual-Lens People Counting Camera can be integrated by third party through SDK or ISAPI
- Customer distribution reports, based on data collected from people-counting cameras in shopping areas during a specific time period, can be generated.
- Daily, weekly, and monthly customer distribution reports contribute to improved personnel scheduling and effectively enhance marketing strategies.

Anti-Interference
- Shadow or other objects will not cause miscounting
- Camera can identify two person as long as there is space between two heads

Height Filtering
Based on the height information in the 3D axis, the target height should be in the range of the human height, thus filtering the interference of the cart, baby carriage, etc.

Loitering Filtering
The camera can focus on a target and track it until it disappears in the image, thus effectively filtering the repeated count of the loitering target.

Data Safety
Server Redundancy Design
- Active & standby servers
- "Heartbeat" function automatically backs up users’ information if one server is interrupted
- Ensures users’ live view and playback in case of failover

Data Safety
RAID & N+1 Failover
- Single-spot storage backup: Multi-RAID supported by embedded NVR and Storage Server
- Multi-spot storage backup: When any active NVR is out of service, the standby NVR can take over recording automatically

Data Safety
Auto Network Recovery (ANR)
- Auto backup if network connection is interrupted
- Data moves from SD card to back-end device while network connection is restored
- We recommended using Hikvision brand Micro SD card for ANR storage

Transmission Optimization
Streaming Media Server
- Hikvision Streaming Media Servers enable multiple users to view live or playback the same camera using only one channel of bandwidth transmission
- 1 Streaming Media Server supports up to 200 x 2 Mbps video data streaming and up to 200 channels

Centralized Management
Security Operator Authority
- Centralized management of security personnel and authorities
- Security personnel have assigned authority levels, such as live view, playback, area cameras, or PTZ control
- Higher permission-level users have priority control over the system, i.e., they can takeover PTZ control, force the logout of lower-level users, and more
Large Data Management

**Smart Backup**
- Supports event footage backup
- Saves maximum storage space
- Fully compatible with Hikvision Smart IP Cameras

**Smart Search**
- Easy and quick event search for snapshots and video recording
- Plays back the target event footage at standard speed and can fast-forward (up to 16x)
- Unrelated video can be skipped during playback

Centralized Management

**Alarm Verification and Handling**
- Various types of events trigger real-time alarms and notifications to security operators, like motion detection, line crossing, intrusion detection, face detection, etc.
- Alarm flashing in E-Map notifies security operators
- Alarms link to predefined cameras in the form of pop-up images/video for visual verification
- One-check-all mechanism allows one user to handle alarm events while others get notifications

LightFighter Series 2MP Indoor Box Network Camera

- LightFighter 140dB triple exposure WDR
- 1/2.8” progressive scan CMOS sensor
- Full HD1080p, up to 60fps
- Full smart feature-set
- Auto back focus
- P-Iris optional

**DS-2CD4125FWD-IZ**
LightFighter Series 2MP Indoor Dome Network Camera

- LightFighter 140dB triple exposure WDR
- 1/2.8” progressive scan CMOS sensor
- Full HD1080p, up to 60fps
- Full smart feature-set
- Motorized lens with Smart Focus
- Up to 128GB on-board storage
- Up to 30m IR range

**Shopping Area**

**DS-2CD63C2F-I (S)(V)**
12MP Fisheye Network Camera

- 360° panoramic view
- Up to 4000 × 3072@20fps resolution
- Up to 1600 × 1200 ePTZ control
- Heat mapping analytic
- Support on-board hardware dewarping
- Support software de-warping
- IP66 & Vandal-proof I-VI
- Up to 15m IR

**DS-2DE4A220IW-DE**
3MP/2MP 20X Mini PTZ Dome Network Camera

- 3MP/2MP real-time, 20X Optical Zoom
- Pan 0° to 360°; Tilt -5° to 90°
- Up to 50m IR range, prevent IR reflection
- New-generation bubble, prevent blurs at any angle
- IP66; MIC: Customizable

**DS-2CD4026FWD-AP**
DarkFighter series 2MP Box Network Camera

- DarkFighter ultra-low light technology
- 1/1.8” progressive scan CMOS sensor
- Full HD1080p, up to 60fps
- 120dB WDR
- Full smart feature-set
- Auto back focus
- P-Iris optional

**DS-2CD4126FWD-IZ**
2MP Ultra Low Light Indoor Dome

- DarkFighter ultra-low light technology
- 1/1.8” progressive scan CMOS sensor
- Full HD1080p, up to 60fps
- 120dB WDR
- Full smart feature-set
- Motorized lens with Smart Focus
- Up to 128GB on-board storage
- Up to 30m IR range

Dual-Lens People Counting Camera

- 1/3” Progressive Scan CMOS
- Max. resolution 640 × 960
- 2 mm/2.8 mm lens, optional
- 3D digital noise reduction
- DC 12V/PoE
- Dual lens, dual CPU, support stereo views
- Specialized people counting function, support separate counting of people entering, exiting, and passing by
- Flash memory storing people counting data

**DS-96128/256NI-I16/124(H)**
Embedded H.265+ 4K Super NVR

- 576/768Mbps Bit Rate input Max (up to 128/256 IP cameras input)
- Up to 12MP resolution recording
- Support H.265+/H.265/H.264+/H.264 video formats
- 20-ch/H.265/H.264 decoding capability
- HDMI output at up to 4K resolution
- Up to 16/24 SATA interfaces, up to 8 TB for each
- HDD, 4 Gigabit optical interfaces
- Redundant power supply to ensure system stability
- HDD hot swapping with RAID 0/1/5/6/10
- One LCD screen optional, mini SAS optional

**DS-2DF236X-AEL(W)**
DarkFighter series 2MP 36X IR PTZ Network Camera

- H.265+/H.265/H.264+/H.264
- ultra-low illumination technology
- 1/1.9” HD CMOS sensor
- 1920*1080P Full HD, 36X Optical Zoom
- Smart features (smart tracking, etc), optical defog
- 120dB WDR
- 200m IR distance
- Wiper for self-cleaning (-W)
- Vandal-proof (IK10)

**DS-2CD4A26FWD-IZ(S)H/P**
2MP ANPR Ultra-Low Light Bullet Camera

**DS-9616/32/64NI-I8/I16**
Embedded H.265+ 4K 2U/3U NVR

- 256/320 Mbps Bit Rate input Max (up to 16/32/64-ch IP cameras input)
- Third-party network cameras supported
- Up to 12MP resolution recording
- Support H.265+/H.265/H.264+/MPEG4 video formats
- 2-ch HDMI and 2-ch VGA outputs interfaces provided,
  1 HDMI output at up to 4K resolution
- 8/16 SATA, HDD hot swapping, 1 eSATA, 2 USB2.0, 1 USB3.0
- Support RAID0,1,5,6,10
- Hot spare working mode

SUPERMARKETS & CONVENIENCE STORES

**iDS-9632NXI-I8/S8/16S**
Deepinmind NVR

- Human body detection and analysis, up to 8-ch detection capacity
- Enhance decoding capability and bandwidth up to 8-ch@1080P decoding capacity
  Bandwidth: 320Mbps input/256Mbps output
  Up to 12MP IP camera access
  - H.265+/H.265/H.264+/H.264 video standard compatible
  - 2 HDMI/2 VGA, HDMI1 output at up to 4K/60Hz
  - Smart 2.0 function and APNR
  - Support 8 HDDs (8TB/Disk) and Raid (Raid 0/1/5/6/10)
  - N+1 hot spare

**DS-2A1016S**
Network Storage System

- High performance 64 bit RISC processor
- Up to 16 HDD, 4TB maximum capacity for each
- Up to 180-ch 4CIF real-time recording
- iSCSI/NFS/CIFS/FTP/HTTP/AFP protocols
- Support RAID 0, 1, 3, 5, 10, 50
- Support HDD hot-swapping
- Dual Gigabit network interfaces
- Modularized design for easy maintenance
- Redundant power design for high reliability

**DS-A82024D**
Network Storage System

- High-performance & easily-extensible hardware platform
- Highly reliable system design, double controller
- Support 256 –Ch(2M) record and play in IP-SAN mode, 448 –Ch(2M) record and play in CVR mode
- Disk detection, repair and RAID optimization
- Low power design
- Massive storage space, 4U chassis with 14 HDs and cascade extension support

**DS-C10S-S11/22/41/E**
TV Wall Controller

- Maximum 184-ch analog, or 92-ch TVI or 92-ch HDMI/DVI/VGA input
- Maximum 72-ch HDMI/DVI/VGA output
- Up to 72-piece screen joint
- Built-in Matrix
- Supports jointing, division, and display
- Base map
- Cross-window video roaming
- Support hot plugging
- Redundant power supply

**DS-6901/04/10/12/16UD**
Ultra High Definition Decoder

- Decoding capacity:
  - 12MP at 20fps: 2 channels;
  - 8MP at 30fps: 4 channels;
  - 5MP at 30fps: 6 channel;
  - 3MP at 30fps: 10 channel;
  - 1080p at 30fps: 16 channel;
- Provide HDMI (adaptable to DVI-D) and BNC output interfaces.
- Up to 4K [3840 x 2160@30Hz] via HDMI output interfaces (only for even interface).
- 5MP @ 20fps, 3MP @ 30fps, 1080p @ 30fps: 16 channel.

**DS-D2046NL/H –C**
Ultra Slim Bezel LCD

- 46” or 55” screen dimension
- -NL: 500cd/ m² brightness
- -NH: 800cd/ m² brightness
- 3.5mm physical seam
- Defog, low-light compensation
- Edge processing, true native image
- Dynamic self-adaption noise reduction
- Cross color suppression
- Signal input: HDMI, DVI, VGA, BNC, YPbPr
- Signal output: DVI, VGA, BNC
- Remote control: IR in, Address ID
- RS232 control

**DS-2A0616D**
Network Storage System

- Support RAID 0, 1, 3, 5, 10, 50
- Support HDD hot-swapping
- Dual Gigabit network interfaces
- Modularized design for easy maintenance
- Redundant power design for high reliability

32”/22” LCD Monitor

- LED backlight with 1920×1080 HD resolution
- View angle:
  - 178°(H)/178°(V) (32”)
  - 170°(H)/160°(V) (22”)
- Inputs: HDMI, VGA, DVI, CVBS(BNC×1), audio in
- Build-in speaker
- 3D comb filter, 3D de-interlace, 3D noise reduction
- Selectable signal source (32”)
- Image freeze (32”)
- High reliable components for 7×24 working

**Blazer Pro 128/256/16H**
VMS All-in-One Server

- Ready to use, preinstalled with Hikvision Professional VMS software and Windows 8.1;
- Up to 128/256 channels access and recording, recording band width up to 512/718 Mbps;
- 16HDD, HDD hot swap with RAID0, RAID1, RAID5, RAID10 support;
- Active directory integration for user management;
- 100 client user support;
- 3 years of Hardware warranty and software technical support with SSP.

**iVMS 5200 Pro**
**iVMS-5200 Professional Software**

- Centralized equipment and user management
- Support ANPR and ANPR based parking management
- Support business intelligence & POS integration
- Support RSM to control 5 CMS for large system (New)
- Maximum connected devices per CMS: 1024
- 3rd party surveillance integration via ONVIF protocol and SDK
- Mobile transportation management module
